AUTUMN RED *and* ARCHITECTURAL BRONZE

Autumn Red

Architectural Bronze

Color Changes EVERYTHING!

Discover color inspiration with a wide array of exterior combinations that extend your personal style, while increasing your home's curb appeal.

Autumn Red and Architectural Bronze – two iconic colors that exude luxury and style. Individually they capture your attention with a bold impression, but together they create a truly transformative effect with dramatic warmth and visual appeal.

When you choose Autumn Red vinyl siding, your exterior design possibilities are wide open – from sleek and modern to charming and rustic. The elegant backdrop of earthy red pairs beautifully with trim accents in soft shades such as Natural Linen and Antique Parchment for a timeless matchup that complements a variety of home styles.

Or consider a darker trim in nostalgic Walnut to showcase the architecture of your home with the perfect touch of hushed grandeur and historic appeal. Whether your home is large or small, urban or suburban, this dynamic color combination will impart organic character and charm.

Customizing your windows is another great way to give your home a style all its own. Our Architectural Bronze exterior window color immediately infuses a higher level of quality and sophistication to any exterior design. Beautiful, practical and strong, the color is achieved with a cutting-edge polyurethane coating technology incorporating heat-reflective pigments for superior color retention. The ultra-premium finish also is highly weatherable and resistant to dirt and environmental pollutants. Architectural Bronze, as well as our entire FrameWorks® window color collection, is all about gorgeous color with easy upkeep – the ideal choice for today's homes.

Together, Autumn Red siding with the deep neutral beauty of Architectural Bronze exterior windows creates a harmonious balance of color and style. Matching this artistic pair with black shutters and a natural oak door will convey the timeless appeal of traditional craftsmanship with a refreshing modern twist. Smaller details such as mounting blocks and hardware treatments will define your home's exterior design with a unique flair.

At the same time, extend your personal style to the interior of your windows. FrameWorks window color collection features a beautiful selection of rich woodgrains and classic colors that will enhance

your décor. A perfect fusion of style and strength, the interior woodgrain laminate finishes are precision-engineered for outstanding durability that maintains its attractive appearance over the life of the product. Inside and out, FrameWorks will change the way you think about color.

A FRESH COLOR SCHEME
*can be one of the quickest and
most cost-effective ways to
increase curb appeal.*
