

ATTENTION ALSIDE WINDOW CUSTOMERS: IMPORTANT **NEW ORDERING PROCEDURE!**

Beginning with window orders placed on Thursday, February 1, 2007, all window configurations must be ordered as viewed from the exterior of the home or property.

What is changing and when?

The way you will place orders from Alside for certain window types and configurations will be changing. **As of February 1, 2007, all window product configurations must be ordered as viewed from the exterior.** In other words, from the "Outside Looking In".

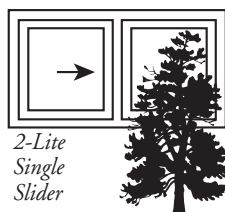

How so?

Previously, you specified certain window products based on viewing the window from the interior of the home. Beginning **February 1, 2007**, you will need to specify and order all window product configurations from Alside AS VIEWED FROM THE EXTERIOR.

What window products are affected by this change?

The following windows must now be specified and ordered AS VIEWED FROM THE EXTERIOR . . .

- 2-Lite Single Sliders
- 2-Lite Dual Sliders
- Swing & Clean
- Casements
- Bay & Bow
- Sliding Patio Doors
- Select Special Shapes
(where the configuration requires a right or left window)
