

SUPERSPAN™

Heavy Gauge Premium Vinyl Soffit

The Beauty and Strength You Need for the Long Run

Alside®

MAXIMUM DURABILITY

You Are Designing Something Remarkable. Make Sure It Lasts.

Extra thickness helps keep long porch ceilings straight and level.

EXTRA THICK, EXTRA RIGID SOFFIT

SuperSpan, the heavy gauge premium vinyl soffit is thicker than ordinary soffit, giving it the strength and rigidity needed to span porch ceilings, projecting entryways and other extended overhangs. SuperSpan extra thick soffit is as beautiful as it is strong.

THE ART OF THE MIX

There's no need to settle for siding and trim that almost match. Alside's ColorConnect® Color Matching System offers smart solutions for every design approach. ColorConnect standards have been painstakingly applied to select Alside products to ensure you are making tasteful color choices with enduring aesthetic value and the custom look you desire.

SUPERSPAN . . . THE IDEAL SOFFIT FOR TOUCH AND CREATIVE INSTALLATIONS

This heavy gauge premium vinyl soffit is thicker than ordinary soffit, giving it the strength and rigidity needed to span porch ceilings, projecting entryways and other extended overhangs.

Beautifully vented panels provide continuous airflow to help cool attics.

OUTSTANDING BEAUTY

A natural grain texture, deep V-grooves and realistic shadow lines provide the warmth and richness of all-wood soffit. A 5" exposure creates a feeling of openness, even in confined entryways. Choose from 13 classic colors, all with an elegant low-gloss finish.

PREMIUM VENTILATION

Fully vented SuperSpan panels make it easy to provide ample airflow to your attic. An advanced "lancing" design assures maximum visual appeal and full panel strength and rigidity.

DESIGN VERSATILITY

Use solid SuperSpan panels as vertical siding to add distinction at entryways, gable ends and other vertical accent areas.

EASY-CARE CONVENIENCE

SuperSpan is made from durable premium vinyl, so it won't warp, rot or peel. It never needs staining or painting – just rinse occasionally with a garden hose to restore its like-new beauty.

PREMIUM QUALITY, BACKED BY WARRANTY

SuperSpan is made using premium materials and advanced manufacturing techniques. It's fully backed by a strong lifetime limited warranty.*

SuperSpan . . . extra thick and extra rigid soffit panels.

THE IDEAL SOFFIT FOR TOUGH INSTALLATIONS

SuperSpan heavy gauge premium vinyl soffit is 20% thicker than ordinary soffit, giving it the strength and rigidity needed to span porch ceilings, projecting entryways and other extended overhangs. The extra thickness, combined with a weather-tested hurricane locking system, also makes SuperSpan an ideal soffit for coastal locations and other high wind areas.
