VINTAGE BEADED SOFFIT

Distinctive Quality with Historic Appeal

Alside®

GREENBRIAR® VINTAGE BEADED SOFFIT . . . DISTINCTIVE QUALITY WITH HISTORIC APPEAL

A gentle rounded bead and architecturally correct 2-1/2" exposure width distinguish this soffit as a classic American beauty, while its low-gloss finish and matte texture capture the historical character and charm.

A LEGACY OF EXCELLENCE AND INNOVATION

The first step in the creation, renovation and preservation of your home involves choosing the right products. In Greenbriar Vintage, you've opened the door to the Alside vinyl soffit collection – a premier union of heritage and innovation merged with high-performance materials and future-forward engineering. Our 75 years of industry excellence stands strong as our legacy of leadership and trust, where customer happiness always comes first.

A SUSTAINABLE CHOICE

The home that protects you can also help protect the environment. As a recyclable product with a long service life, Alside vinyl soffit reduces the depletion of wood and other natural resources used in home construction. And because it never needs to be painted, it helps prevent paint, stain and other maintenance-related products from harming the earth.

STRIKING STYLE, IMPRESSIVE STRENGTH

Greenbriar Vintage Beaded Soffit marries superb performance with stately elegance. A heavy-duty vinyl construction provides a durable, strong backdrop for this premium soffit, while an authentic beadboard design and luxurious matte texture create a markedly superior finish.

And with Greenbriar Vintage Beaded Soffit, it's also what you don't see that further elevates the superior construction. The refined panel design features hidden vent slots in the recessed grooves of the aerated panels, allowing for ample ventilation throughout the soffit system without compromising the smooth, upscale appearance.

ESSENTIAL VENTILATION FOR YOUR HOME

A well-designed soffit system is essential to maintaining the structural integrity of a home. When properly installed, soffit promotes directional airflow and allows trapped moisture to escape from the eaves and rafters. Greenbriar Vintage Beaded Soffit is performance-engineered with recessed vent slots to provide air circulation throughout the roof structure – helping to keep your home in great shape both inside and out.

EASY-CARE UPKEEP

Greenbriar Vintage Beaded Soffit is easy to maintain. The durable vinyl construction won't warp, rot or peel and never needs to be painted. Just rinse occasionally with the garden hose to remove most airborne dust and dirt and restore the like-new beauty.

COMPLEMENTING COLORS*

With five elegant colors to choose from, Greenbriar Vintage Beaded Soffit lets you design a soffit system that complements the individual character of your home. From subtle, warm hues to just-right white, your home will be a beautiful reflection of your own good taste.

Glacier White

Antique Parchment

Monterey Sand

Vintage Wicker

Tuscan Clay

*Available in solid and vented panels for soffit use only, not as a vertical siding.

Greenbriar Vintage Beaded Soffit's graceful blend creates a dramatic shadow line while its low-gloss finish and matte texture capture the historical beauty and charm of freshly painted wood beadboard.
