*Crafted for Beauty, Durability and Energy Efficiency*

Alside®

# PROMENADE SLIDING PATIO DOORS

## *Enhance Your Home with a Beautiful View*

### A LEGACY OF EXCELLENCE

Selecting the right patio door for your home is easy when you have three superb styles to choose from: Contemporary, Classic and French. Each Alside Promenade Sliding Patio Door is beautifully detailed to achieve a distinctive look while providing a powerful shield against inclement weather and energy loss.<sup>†</sup> Our more than 75 years of industry excellence stands strong as our legacy of leadership and trust, where customer happiness always comes first.

We also take special pride that Promenade Sliding Patio Doors provide exceptional "Custom-Crafted in America" quality, which not only champions the tradition of American ingenuity and craftsmanship, it also fortifies our nation with quality jobs and economic dollars.

Alside Promenade Sliding Patio Doors feature a heavy-duty mainframe and sash, multichambered extrusions and steel-reinforced interlocking meeting rails to ensure superior structural integrity and durability. Dual internal/external weatherstripping, compression bulb seal, closed-cell foam gaskets and a 1" thick (nominal) insulated glass unit with the Quanex® Super Spacer® structural foam spacer system also contribute to thermal efficiency.

### CLIMATECH® INSULATED GLASS . . . YOUR SOLUTION FOR INCREASED PERFORMANCE

Many people think of glass as being fragile, yet it's one of the primary components in the thermal efficiency of your patio door. Upgrading your door with a ClimaTech insulated glass package will further increase energy conservation. ClimaTech combines multilayered, low-emissivity (Low-E) glass, argon gas<sup>††</sup> and the Super Spacer® structural foam spacer for improved energy efficiency compared to a standard clear glass unit.

Low-E glass features a virtually clear, metallic coating that makes your sliding patio doors more energy efficient by reducing the transfer of heat.

- In winter months, Low-E insulating glass helps reduce heat loss by reflecting warmth back into your home.
- During the summer, Low-E helps block unwanted solar heat penetration to help conserve air-conditioning use.

Many ClimaTech insulated glass packages meet the latest ENERGY STAR®-certified requirements for energy-saving performance. Consult your window professional for an energy-efficient glass package for your home and climate zone.

### GREEN INSPIRATION

Alside Windows and Patio Doors are expertly crafted to provide energy efficiency and help reduce the consumption of fossil fuels for heating and cooling homes. Using less energy to heat and cool your home not only saves money, it can reduce your home's carbon footprint as well. Vinyl's long lifespan and low maintenance nature can further lessen your impact on the environment as no painting, staining or other maintenance-related products are needed.

USGBC and related logo is a trademark owned by the U.S. Green Building Council.

## CONTEMPORARY-STYLE SLIDING PATIO DOOR – 3" RAILS

Create a fresh and inviting entry to your home with our Promenade Contemporary-Style Sliding Patio Door. The sleek, clean-line design features symmetrical 3" rails for the perfect touch of modern sophistication.

# CASUAL ELEGANCE WITH ARCHITECTURAL APPEAL

This superbly built door will infuse your home with the warmth and beauty of natural sunlight, while protecting it from harsh weather elements.

1. Premium vinyl mainframe and sash extrusions are colored throughout – won't chip, peel, crack or warp and never need to be painted.
2. Mainframe and sash feature a double-wall design and multichambered construction for outstanding strength and thermal protection.
3. Dual internal/external weatherstripping on the sash enhances energy efficiency and performance.
4. Symmetrical 3" rails with mitered and fusion-welded joints provide aesthetic appeal as well as added strength and durability.
5. 1" thick (nominal) insulated glass unit with the Super Spacer® structural foam spacer promotes energy conservation year-round.
6. Steel reinforcements at the interlocks and lock rails increase strength, rigidity and structural integrity.
7. Contoured glazing bead adds visual interest and beauty.
8. Precision-engineered tandem roller system ensures quiet and easy operation of the door panel.
9. Mainframe joints incorporate closed-cell foam gaskets for superior sealing.

## PLUS THESE ADDITIONAL FEATURES:

- Deep interlocks with a protective bulb weatherstrip deliver increased insulation and a tight seal.
- Mainframe includes interior and exterior accessory grooves for installation and design versatility.
- Multipoint locking system with strong steel bolt design seals the door tightly closed and helps prevent energy loss.
- Interlock incorporates a built-in, anti-lift feature to impede door panel removal when closed or locked.
- Deep anodize finished aluminum roller track helps eliminate the possibility of unsightly dark residue and wearing typical of aluminum tracks while ensuring easy-glide operation.
- Heavy-duty extruded aluminum screen features four adjustable rollers for smooth gliding.
- Available in a 2-panel style in 5', 6', 8' and Wisconsin-style widths; 3-panel style in 9' and 12' widths; and a 4-panel style in a 12' width with center panels that open to each side.
- Choose a left or right moving panel – left moving panel is standard (outside looking in); not field reversible.
- Backed by a Lifetime Limited Warranty.¥

## PATIO DOOR OPTIONS:

- ENERGY STAR-certified ClimaTech insulated glass packages.
- Stainless steel tandem rollers with stainless steel housing and bearings for harsh environments.
- Integrated mini blinds.\*\* offer convenient sunlight and privacy control.
- Trimworks® decorative window accents provide an efficient trim solution that ensures a consistent look for all patio doors replaced on the home.
- Interior ventilation foot lock allows convenient yet limited opening of the door for airflow.
- Keyed exterior lock offers convenient access from outside the home.
- Decorative grids or V-grooved cut glass patterns for enhanced beauty.

## CLASSIC-STYLE SLIDING PATIO DOOR – 5" RAILS

We've given our Promenade Classic-Style Sliding Patio Door an ample measure of traditional beauty but with a tough, high-endurance build. Generous 5" rails convey a familiar sense of home, while design innovations and easy-care features merge perfectly with today's carefree lifestyle.

# TIME-HONORED BEAUTY WITH MODERN PRACTICALITY

Weather protection is just part of the story when it comes to this ultra-premium patio door. You'll also enjoy the smooth and reliable operation, as well as an expanded outdoor view.

1. **Premium vinyl mainframe and sash extrusions** are colored throughout – won't chip, peel, crack or warp and never need to be painted.
2. **Mainframe and sash** feature a double-wall design and multichambered construction for outstanding strength and thermal protection.
3. **Dual internal/external weatherstripping** on the sash enhances energy efficiency and performance.
4. **Ample 5" rails** with mitered and fusion-welded joints provide traditional beauty as well as added strength and durability.
5. **1" thick (nominal) insulated glass unit** with the Super Spacer® structural foam spacer promotes energy conservation year-round.
6. **Steel reinforcements** at the interlocks and lock rails increase strength, rigidity and structural integrity.
7. **Contoured glazing bead** adds visual interest and beauty.
8. **Precision-engineered tandem roller system** ensures quiet and easy operation of the door panel.
9. **Mainframe joints** incorporate closed-cell foam gaskets for superior sealing.

## PLUS THESE ADDITIONAL FEATURES:

- Deep interlocks with a protective bulb weatherstrip deliver increased insulation and a tight seal.
- Mainframe includes interior and exterior accessory grooves for installation and design versatility.

## FRENCH-STYLE SLIDING PATIO DOOR

Traditional French-style doors are a popular choice but require a considerable amount of space to operate. Our Promenade French-Style Sliding Patio Door captures the same authentic “French door” elegance but in a floor space-saving design.

# AUTHENTIC FRENCH DOOR CHARACTER AND CHARM

With a 5" top rail, 7" bottom rail and 3" side rails, this eye-catching patio door imparts true French-door character but with the convenience of a sliding door. Ultra-efficient insulating glass and a weathertight design further enhance its outstanding construction.

1. Premium vinyl mainframe and sash extrusions are colored throughout – won't chip, peel, crack or warp and never need to be painted.
2. Mainframe and sash feature a double-wall design and multichambered construction for outstanding strength and thermal protection.
3. Dual internal/external weatherstripping on the sash enhances energy efficiency and performance.
4. 5" top rail, 7" bottom rail and 3" side rails feature mortised joints for added strength and authentic "French door" charm.
5. 1" thick (nominal) insulated glass unit with the Super Spacer® structural foam spacer promotes energy conservation year-round.
6. Steel reinforcements at the interlocks and lock rails increase strength, rigidity and structural integrity.
7. Contoured glazing bead adds visual interest and beauty.
8. Precision-engineered tandem roller system ensures quiet and easy operation of the door panel.
9. Mainframe joints incorporate closed-cell foam gaskets for superior sealing.

# FRAME FINISHES AND HANDLES

Our on-trend selection of frame colors and handles let you create the ideal patio door – one that complements the architectural style of your home as well as the interior décor.

## COLORS AND FINISHES

From subtle to bold, Promenade's color collection has it all. Choose our ultra-weatherable Black Exterior Laminate for the luxe look and feel of powder-coated aluminum, or select a FrameWorks® exterior color featuring a polyurethane coating that's remarkable strong and fade-resistant. Interior frame options include three traditional hues as well as six woodgrain laminate finishes.

### EXTERIOR COLORS

### INTERIOR COLORS

### ELEGANT HANDLE STYLES

Our Contemporary-Style and Classic-Style Sliding Patio Doors feature a popular handle design with a thumb latch for universal appeal.

The gracefully contoured handle on our French-Style Sliding Patio Door includes a top lock for added resistance.

Contemporary, Classic and French-style exterior patio door handles are available in White, Beige, Classic Clay and Black.

# DECORATIVE GRIDS AND GLASS OPTIONS

Add your personal touch to any Promenade Sliding Patio Door with our beautifully crafted decorative grids and V-grooved cut glass in three timeless patterns.

## INTERIOR GRIDS

Decorative grids will impart a touch of refinement to your patio door. All grids are enclosed within the insulated glass unit for easy cleaning. Choose from our selection of classic grid profiles and patterns to design your ideal finished look.
