

— SEAMLESS STEEL COIL WITH KYNAR® 500 —

The ALSIDE STEEL COLLECTION

THE IDEAL CHOICE FOR STYLE AND STRENGTH

When you stand back and look at a home sided with Satinwood Select Seamless Steel Coil, it's what you don't see that makes the difference. There are no unsightly seams or overlaps – just impeccable quality and style.

Beautifully uniform and pristine, Satinwood Select Seamless Steel Coil with Kynar 500 creates a markedly superior finished look that's built to last. The continuous coil length allows the siding to be formed and custom cut to fit the home's architecture, which eliminates seams that can accumulate dirt and debris or weaken the structural integrity. Kynar 500 technology further fortifies the system with a powerful shield of enduring protection.

SATINWOOD SELECT SEAMLESS STEEL COIL . . . AN EXCEPTIONAL COMBINATION of custom-crafted style and superior strength. The impressive construction incorporates Galvalume® AZ-50 steel with the rust-inhibiting advantages of aluminum and zinc as well as an ultra-protective Kynar 500 coating.

LUXE COLOR COLLECTION

Glacier White

REDEFINING QUALITY WITH DESIGN INGENUITY

Satinwood Select Seamless Steel Coil is highly weatherable and virtually maintenance-free. It won't rot, split, crack or absorb moisture and requires no caulking. A premium appearance is assured with heavy-duty steel construction and consistent color throughout.

- Premium Galvalume steel creates a clean-line design for enhanced beauty
- Rugged steel provides high dimensional stability and resists effects from extreme temperature changes
- Never needs to be painted
- 100% recyclable

HIGH-PERFORMANCE KYNAR 500 COATING TECHNOLOGY

When it comes to protecting the steel core from the challenges of time and nature, Kynar 500 stands clear as a robust coating system. The resilient fluoropolymer resins preserve the steel coil and create a luxurious finish that resists chalking, pitting, chipping, premature aging and more.

- Enhanced polymer pigments keep colors beautiful and true
- Highly durable, low gloss finish delivers greater scratch resistance
- Resists staining, dirt and airborne pollutants
- Easy upkeep – rinse occasionally with a garden hose to refresh the like-new beauty
- Resilient finish helps stop water penetration, preventing mold and mildew growth

SUPERB BEAUTY AND PROTECTION

	Satinwood Select Seamless Steel Coil with Kynar 500
Construction	Heavy-duty Galvalume AZ-50 steel
Durability	Ultra-resilient Kynar 500 coating
Chalk and Fade Resistance	Specially formulated for color retention
Mold/Mildew Resistance	Kynar 500 formula does not support mildew growth
Insect Resistance	Resists damage from wood-eating insects, such as termites
Beauty and Appearance	Continuous coil creates a custom, seamless finish
Customize with Color	Curated palette provides harmonious color combinations
