TRANSFORM YOUR HOME FROM ORDINARY TO SPECTACULAR

The architectural detail and quality construction of Williamsport Colonial Beaded Premium Vinyl Siding will give your home a distinctly upscale appearance. Featuring a gently rounded beaded ridge and brushed texture, this masterfully crafted panel conveys the perfect measure of historical character and charm in a high-performance vinyl construction.

QUALITY YOU CAN COUNT ON

Made to be the best. And made to last. That's what you can count on when you choose Williamsport. With outstanding durability and strength, every panel beautifully protects your home with a markedly superior finish.

Williamsport Colonial Beaded Vinyl Siding. Technically, it's beautiful.

THE RIGHT CHOICE

The first step to a beautiful home comes long before a siding contractor pulls into your driveway. It starts with product development teams and manufacturing specialists who select materials, refine designs and continuously improve production and quality control processes. All this with one goal in mind: superb product quality . . . on the day of installation and for decades to come.

MADE WITH PREMIUM RAW MATERIALS

PureStrength vinyl resin provides Williamsport its basic strength and weather resistance. It helps prevent moisture infiltration from rain and humidity, so panels won't rot, warp, shrink or swell. The result is lower-cost, easy-care maintenance.

Ti-Shield titanium dioxide helps prevent ultraviolet degradation, so even hot summer sun won't damage Williamsport's beautiful surface.

StayRight vinyl stabilizers also help prevent heat degradation, both during manufacturing and after installation.

TrueShield impact modifiers give Williamsport exceptional impact resistance, helping to prevent denting and dinging from routine around-the-house activities.

DesignersChoice pigment concentrates are used to produce beautiful high-performance color for every Williamsport panel. You'll never have to stain or paint again, because the color won't wash away.

CLASSIC DETAILS

A gently rounded 1/2" bead recreates the look that distinguished early American homes. Crisp shadow lines and a low-gloss finish enhance the look-of-wood beauty. A variety of popular colors offers plenty of design flexibility.

MODERN CONVENIENCE

With Williamsport it's easy to enjoy your home. No more sanding, staining, painting or repairs. Simply wash the siding occasionally with a garden hose to help restore its just-installed beauty.

OUTSTANDING QUALITY

Premium materials and advanced manufacturing techniques mean you can count on lasting quality. Williamsport is backed by a lifetime limited warranty.*

A MORE SUSTAINABLE CHOICE

The home that protects you can also help protect the environment. As a durable product with a long service life, vinyl siding such as Alside's has been shown in a cradle-to-grave Life Cycle Assessment study commissioned by the Polymeric Exterior Products Association (formerly the Vinyl Siding Institute) to have a smaller environmental footprint relative to competing materials.¹ In addition, the impact of vinyl siding on global warming potential is 40% less than fiber cement and 83% less than brick and mortar.² And because it never needs to be painted, vinyl siding also helps prevent paint, stain and other maintenance-related products from being released to the environment.
