

D5 Punched Soffit

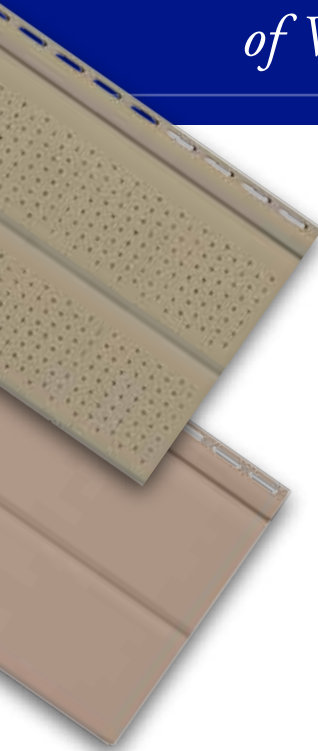

QUALITY SOFFIT SYSTEM

Quality Soffit System that Offers Beauty and Performance

Alside[®]

COMBINES *the* BEAUTY *and* PERFORMANCE *of Wood with the Durability and Convenience of Vinyl*

A VALUE-ADDED INVESTMENT

Available in both vented and solid panels, D5 Punched Soffit is made from durable premium vinyl, so it won't warp, rot, chip or peel. Vented panels are designed to maximize airflow and help provide proper ventilation to your attic. Solid panels can be used as vertical siding to add distinction at entryways, gable ends and other areas of interest. Best of all, it never needs staining or painting – just rinse occasionally with a garden hose to restore like-new beauty.

QUICK SPECS: Available in 12' fully vented or solid panel lengths

Vented panels provide 5.3 square inches of net free area per lineal foot

V-groove profile creates the look of individual bevel-edged boards

Double 5" exposure creates a feeling of openness, even in confined entryways

1/2" butt edge provides realistic shadow lines for maximum visual appeal

.042" nominal thickness for full strength and rigidity

Light roughsawn texture for an authentic look-of-wood finish

LIFETIME LIMITED WARRANTY BY ALSIDE

D5 Punched Soffit and Alside accessories are backed by lifetime limited warranties.* For complete warranty information, including limitations, please see a printed copy of the warranty.

DESIGN INSPIRATION FOR EVERY HOME

Our Siding Design Showcase lets you create multiple exterior designs for your customers with just the click of a mouse. This easy-to-use program takes the guesswork out of choosing the ideal color scheme because it shows the finished look before the work begins. Simply select a house style and choose siding profiles, accents, soffit and trim, along with color options for doors, roofing, shutters and more. Visit www.alside.com/color-design to take it for a test spin!
