## *Details that Make the Difference*

### GUARD YOUR HOME'S EXTERIOR WITH PERFORMANCE G8

Choosing the best trim coil color for your exterior design is easy and convenient. Used by professional installers to custom-install beautiful trim components that complement your Alside vinyl siding and windows, Performance G8 delivers outstanding resistance to wear and ensures a durable, low-maintenance finish that will enhance the beauty of your home for years. Choose from 25 colors infused with rich hues for timeless beauty. And best of all, every color is formulated to match Alside vinyl siding products as part of our ColorConnect® color matching system.

## THE BEAUTY IS BUILT IN – AND MADE TO LAST

When you stand back and look at the exterior design of a beautiful home, it's often the trim and decorative details that catch your eye. Window trim, door surrounds, gables and other accent areas bring the architectural style to life, so it's essential to protect these features with a resilient finish that will beautifully withstand the challenges of time and nature.

### UV PROTECTION

The damaging effects of prolonged exposure to the sun's ultra-violet rays can cause irregular discoloration and even hinder performance. With the unique properties of the Performance G8 finish you get added UV protection as compared to PVC and other leading coil finishes, providing enhanced gloss retention and consistent appearance.

### STAIN RESISTANCE

Trees, dirt, oils, salt spray and pollution are just a few elements that can cause stains and damage your home's exterior. The stain inhibitors in Performance G8 are specially formulated to resist the diminishing effects of these environmental conditions.† The protective coil surface is also easy to clean – plain water is usually adequate to remove most airborne dirt and debris.

### BRUSHED TEXTURE

When we started out to develop a better coating system we didn't just want to improve its physical performance. We wanted to develop a better texture – with a low-gloss that would better complement the gloss and texture of both vinyl and painted wood. From urban to suburban, contemporary to rustic, Performance G8 Trim Coil blends effortlessly with a wide array of siding products and aesthetics.

## SEE THE DIFFERENCE!

As shown below, each aluminum coil surface was subjected to a Nickel Marring Rub Test. While both PVC and Poly coil easily mar, durable Performance G8 coil remains virtually mar-free and unchanged!

These are **unretouched photographs** of actual aluminum coil. The coin test involves rubbing the flat edge of a nickel across the surface.

### EXTERIOR TRIM, ACCESSORIES AND ACCENTS

Rooflines, corners, windows and door frames – some elements deserve special treatment. Enhancing these areas can give your home a custom finished look while letting your individual style shine through. Our Trimworks® collection of decorative trim and accents, along with shakes, scallops and other ornamental panels, makes it easy to achieve a flawless finish. All options are fully color-coordinated with Alside siding products.

### PEACE OF MIND

By choosing Alside Performance G8 Trim Coil, you have selected one of the best performing trim products available. And with your purchase of Performance G8 comes the added peace of mind of a Thirty-Year Limited Warranty.† This non-prorated coverage guarantees Performance G8 as long as you own your home. See printed warranty for complete details.

### HOME VISUALIZER

See the finished look before the work begins! Our Alside siding visualizer lets you create multiple exterior designs with just the click of a mouse. Simply select a house style – or submit a photo of your own home – and choose siding profiles, accents, soffit and trim, along with color options for doors, roofing, shutters and more. Visit [www.alside.com/color-design](http://www.alside.com/color-design) to get started today.
