

**SUPERB STYLE AND
EXCELLENT VALUE.**

**MULTIFAMILY
HOUSING**

BETTER, NO MATTER HOW YOU LOOK AT IT.

Enhance the value and marketability of your development with ASCEND® Composite Cladding, an innovative siding system backed by more than 75 years of manufacturing expertise.

TIMELESS DESIGN. LONG-TERM DURABILITY. OUTSTANDING VALUE.

ASCEND delivers high-end aesthetics with minimal maintenance, further enhancing the value of your property. Get the looks and performance you want with a great return on investment.

ASCEND Composite Cladding hits every mark for multifamily housing developments: lower total installed cost, superior performance and appearance, low maintenance and valuable warranty coverage.

UPSCALE CURB APPEAL

- Flat face 7" Plank and 12" Board & Batten create authentic, high-end style
- 21 fade-resistant architectural colors
- Achieves on-trend style demanded by today's residents and property managers
- H-trim, corner posts and other ASCEND accessories complete the look

VIRTUALLY MAINTENANCE-FREE

- Never needs to be painted
 - Fiber cement and engineered wood require painting to maintain their color
- Reduces maintenance costs for property owners and managers

PROVEN PERFORMANCE

- Class A Fire Rating for use on Building Types I-V
- R-Value of up to 2.0 for energy-saving benefits
- Resists high winds, moisture, impact damage and more
- Long-term durability

LOWER TOTAL INSTALLED COST

- While each property is somewhat unique, we believe that ASCEND may result in at least a 10% lower installed cost vs. fiber cement or engineered wood²
- More efficient to install – doesn't require special tools and respirators; less skilled labor needed
- No need for touch-ups; reduces punch lists and call-backs
- Complete more projects in less time

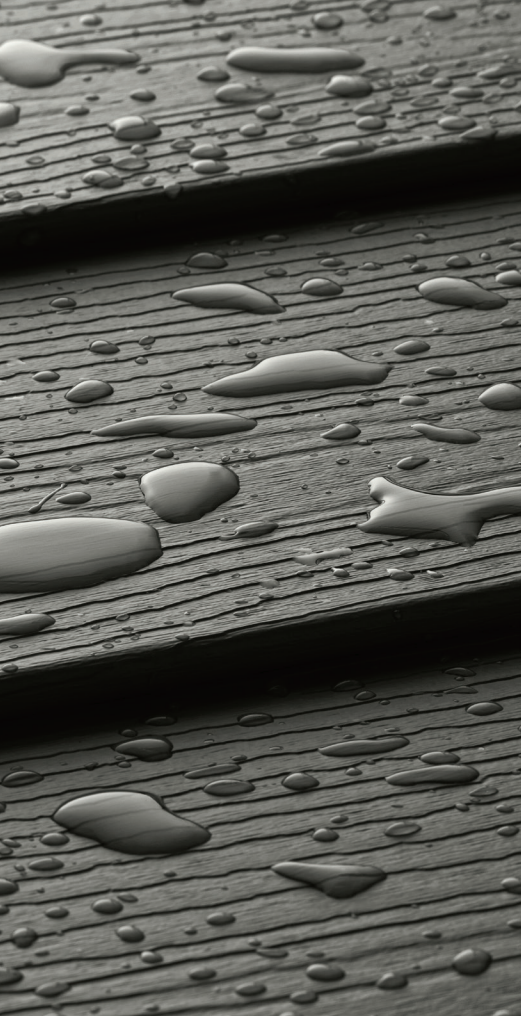

THERE'S NOTHING ELSE LIKE IT.

Visually, it's a virtual match to wood that lasts longer, requires minimal upkeep and costs a lot less to own. The color stays vibrant year after year to save you thousands in repaint costs. It has been designed and engineered to keep the weather out and the beauty in.

IMPRESSIVE STRENGTH.

THE SCIENCE BEHIND ASCEND COMPOSITE CLADDING: EXCLUSIVE (GP)² TECHNOLOGY™

ASCEND's exclusive (GP)² Technology – **G**lass-Reinforced **P**olymer and **G**raphite-Infused **P**olystyrene adds strength to the profile exposures and increases the dimensional stability. Other elements of the unique formulation provide a Class A Fire Rating, enhance windload resistance and achieve an R-value of up to 2.0 for energy efficiency. From superb aesthetics to excellent workability and structural integrity, ASCEND is engineered to outperform at every level.

WATER-RESISTANT

Prevents rotting, warping, shrinking and swelling.

GLASS FIBERS

Add strength and stability.

TITANIUM DIOXIDE

Protects against UV degradation.

WEATHERABLE PIGMENTS

Resist fading, even on dark colors.

IMPACT MODIFIERS

Resist dents and dings.

FLAME RETARDANTS

Decrease the spread of smoke and flames.

THIS CHANGES EVERYTHING.

DIFFERENT. BETTER. BEAUTIFUL.

RECOGNIZED FOR QUALITY AND INNOVATION

Garnering numerous industry awards for quality and innovation, ASCEND is changing the future of exterior cladding.

- Voted "Most Innovative Building Material" at IBSx 2021
- International Design Awards Product of the Year Award, IDA
- ProRemodeler Top 100 Products
- Gold Innovation Award, Executive Home Builder
- Recognized as an approved exterior cladding in Loudoun County, VA, the wealthiest county in the nation³

PROTECT YOUR INVESTMENT
