ALLIANCE™ T4
Premium Vinyl Soffit

A Beautiful New Look for a Classic Accent

Solid panels create striking accents at entrances and gable ends.

ALLIANCE T4 – BEAUTIFULLY VERSATILE!

Soffit lends a refined appearance to the eaves and rooflines of a home, but did you know it also helps keep it structurally strong? A properly installed soffit system allows air movement through the roof structure, eliminating moisture buildup that can cause rotting and decay.

Combine solid and vented panels to design the ideal soffit system for your home, with colors that match your siding or add striking contrast to the exterior design. Solid soffit also installs beautifully as vertical siding, dressing up gables and other architectural accents.

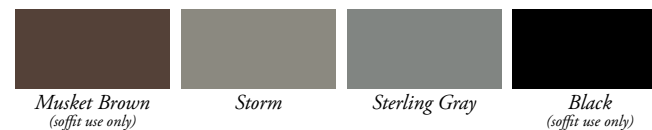

COLOR AND DESIGN INSPIRATION

Alliance T4's full array of profiles and colors makes it easy to give your home a style all its own.

STANDARD COLOR COLLECTION

ARCHITECTURAL COLOR COLLECTION

Note: Colors may be slightly different from their appearance in this brochure. Make final color selections using actual product samples. Color availability may vary by market. See your Alside Sales Representative for details.

Pertains to Alliance T4 Solid Soffit used as vertical siding. Consult the PEPA website at www.polymericexteriors.org for a current list of certified products.

ALLIANCE T4 . . . ADD CLASSIC DETAILS TO YOUR HOME

for an exterior design that's both polished and cost-effective.

Alliance T4 makes it simple to add beautiful, easy-care porch ceilings.

OUTSTANDING STYLE

You'll appreciate the classic details of Alliance T4 soffit from the first glance. Deep V-grooves and a milled-like flat surface recreate the look of individual bevel-edged boards. The traditional 4" exposure width and subtle wood grain texture further add to its aesthetic appeal. A generous selection of low-gloss colors beautifully complements all Alside siding, trim and accessories for a superb exterior design.

EFFECTIVE VENTILATION

Choose from Alliance T4 soffit's fully vented panels in an attractive perforated vent style or a lanced (outward weave) design to promote effective air circulation and moisture evaporation for roof overhangs or attic areas.

EASY-CARE CONVENIENCE

Alliance T4 is made from durable premium vinyl, so it won't warp, rot or peel and never needs to be painted or stained. Just rinse occasionally with a garden hose to restore its like-new appearance.

VALUABLE WARRANTY PROTECTION

Alliance T4 soffit is proudly backed by a lifetime limited warranty[†] – further assurance you have made an excellent selection for your home.

Alliance T4 . . . the versatile finishing touch.

A PRISTINE FINISH HAS NEVER BEEN EASIER

Featuring a premium construction and a clean-line design, Alliance T4 vinyl soffit makes it easy to protect the hard-to-reach areas of your home with a durable finish that's virtually maintenance-free.

This quality-crafted .040" thick soffit panel (nominal) enhances eaves, porch ceilings and entry ways, while providing essential ventilation for the roof structure and rafters. Solid soffit panels also can be installed as vertical siding to add interest and visual appeal to gables and other architectural accents.
