

Pricing Update

February 4, 2026

Dear Valued Alside Customer:

As you are aware, input costs in the window supply chain across labor, utilities, glass, and freight have continued to rise, and are extending into 2026. As a result, our suppliers have implemented price increases, and Alside is adjusting its pricing, as outlined below:

Vendor	Brand / Product	Increase Amount	Effective Date
Associated Materials Innovations	Windows and Related Options	6-8%	3/8/2026

Key Details:

- While overall changes will fall within the stated range, price adjustments will vary by product category. Please note that prices on specific options and upgrades are increasing at different rates which may result in price increases that are higher or lower than the announced range.
- For specific details, please contact your local Alside branch or sales representative.
- To maintain service levels, Alside reserves the right to limit order quantities.

At Alside, we remain committed to providing value through our broad range of products and services. We appreciate both your support and your business.

Sincerely,

A handwritten signature in black ink that reads "Jackson Pettit". The signature is written in a cursive, flowing style.

Jackson Pettit
VP of Category Management, Alside
